

ABDERAHMAN MAGED

SENIOR PLANNING ENGINEER

+966597377446 | eng.abdelrhmanmaged2022@gmail.com | Madinah, Saudi Arabia | LinkedIn: Abdalrahman Maged

SUMMARY

Senior Planning Engineer with 12+ years of experience in planning, scheduling, and project controls across construction and infrastructure projects in Saudi Arabia, including engagements with the National Water Company (NWC), the Saline Water Conversion Corporation (SWCC), and Amanah. Skilled in Primavera P6, baseline and schedule development, critical path analysis, schedule risk assessment, and recovery scheduling, with strong capability in Earned Value Management (EVM) including SPI/CPI analysis. Experienced in delay analysis and supporting Extension of Time (EOT) and claims activities through time impact assessment, maintaining schedule performance across concurrent infrastructure projects.

WORK EXPERIENCE

Planning Engineer | Cayan Almamluka Co. | May 2023 - Present | Saudi Arabia

- Develop and maintain baseline and detailed project schedules using Primavera P6 in line with project requirements and execution strategies.
- Perform weekly and monthly schedule updates, progress measurement, and performance monitoring against approved baseline and current schedules.
- Analyze critical path, schedule performance, delays, and schedule risks, identifying potential impacts on key milestones and project completion dates.
- Develop and monitor recovery schedules and corrective action plans to mitigate delays and improve schedule performance.
- Prepare and manage schedule revisions, progress reports, schedule analysis, S-curves, and planning reports for management, clients, and project stakeholders.
- Apply EVM techniques, including SPI and CPI analysis, to monitor project performance where applicable.
- Conduct schedule and delay analysis and support EOT and claims-related activities through schedule analysis and time-impact assessment.

Selected Project Portfolio (current, concurrent):

- NWC — Water Infrastructure: 2 concurrent projects | SAR 34M+ / SAR 31M+
- SWCC — Desalination: 1 project | SAR 200M+
- Amanah — Municipal Infrastructure: 1 project | SAR 60M+

Planning Engineer | Motlaq Al-Ghweiry | 2018 - 2021 | Al-Taif, Saudi Arabia

- Managed planning and scheduling activities across 11 NWC water infrastructure projects, covering water networks and pipelines.
- Developed and maintained project schedules using Primavera P6, including schedule updates, progress monitoring, and milestone tracking.
- Prepared and implemented schedule recovery strategies to address delays and maintain project completion targets.
- Performed critical path and schedule analysis, identifying activities affecting key milestones and overall project completion.
- Monitored project progress against approved schedules and identified schedule risks, resource constraints, and execution issues affecting planned performance.

Planning Engineer | Al-Khodary | 2015 - 2018 | Riyadh, Saudi Arabia

- Managed planning and scheduling activities across 3 municipal infrastructure projects for Amanah, covering stormwater and box culvert construction works.
- Developed and maintained project schedules using MS Project, including schedule updates, progress monitoring, and milestone tracking.
- Prepared and implemented schedule recovery strategies to address delays and maintain project completion targets.
- Performed schedule analysis and progress monitoring, identifying activities affecting key milestones and project completion dates.

EDUCATION

Bachelor of Civil Engineering | Al Safwa High Institute of Engineering | 2009 - 2014

CERTIFICATIONS

- Registered Engineer - Saudi Council of Engineers (SCE), Membership No. 251137, valid until 2027
- Advanced Project Management and Primavera P6 - Study Online Academy | 120 Hours | Jul-Sep 2024
- Professional Diploma in AI in Business and Projects - ES-WSAI | 40+ Hours | 2026

SKILLS

Primavera P6, Project Planning and Scheduling, Baseline and Schedule Management, Progress Measurement and Reporting, Critical Path and Schedule Analysis, Schedule Recovery and Delay Analysis, EVM (SPI/CPI) and S-Curve, MS Project, Time Impact Analysis (TIA), Claims and EOT Support, AI Tools for Planning and Project Management

LANGUAGES

Arabic (Native), English (Intermediate)
